

**G2064**

### FEATURES

- Bright zinc plated
- Epoxy lacquer clear coat
- Multiple sizes
- Constructed with heavy gauge wire
- Convenient mounting tabs applied

### GENERAL

**american time™** guards are designed to protect your equipment from inadvertent damage while maintaining optimum visibility. ATS stocks a wide variety of shapes and sizes for immediate delivery to you. Ask your customer service representative about our custom guards manufactured for the unique products you need to protect. Measurements are inside dimensions.

### DESCRIPTION

**american time™** guards are plated and clear coated for corrosion resistance and optimal appearance. The finish on the guards is designed for protection wherever they are used, internal or external. Some of the guards are hinged for easy access to the product after attachment to the wall. Mounting hinges can be added to all other guards for additional cost. Call our customer service representatives for pricing. ATS guards are manufactured with #3 gauge (approx. .250" diameter), #6 gauge (approx. .200" diameter) or #8 gauge (approx. .150" diameter) wire material. Guards have welded tabs with mounting holes (designed to accept .250" diameter fastening lags, bolts or screws) or looping foot attachments for easy installation.

### ORDERING INFORMATION

#### Part #      Size

#### 3 Gauge Wire

G2064	10 <sup>1</sup> / <sub>2</sub> " x 8 <sup>1</sup> / <sub>2</sub> " x 11" deep
G2002	11" x 11" x 6" deep

#### 6 Gauge Wire

G2052	11 <sup>3</sup> / <sub>4</sub> " x 5 <sup>1</sup> / <sub>2</sub> " x 6" deep
-------	--

#### 3 & 6 Gauge Wire

G2009	9" x 9" x 6" deep
G2015	11 <sup>3</sup> / <sub>4</sub> " x 11 <sup>3</sup> / <sub>4</sub> " x 9" deep
