STI EXIT SIGN DAMAGE STOPPER®

Wherever exit signs are at risk from either intentional or accidental damage, installation of our super tough wire guard is the solution to the problem. Two sizes available to cover a wide range of exit sign models available today. Installation is simple with anchors and screws provided.

BACKED BY A THREE YEAR GUARANTEE
As all STI protective covers, this Stopper is backed by a three year guarantee against breakage in normal use. It is constructed of 9-gauge, welded steel wire, coated with a tough, corrosion resistant polyester shell. To provide even greater protection against vandalism, tamper resistant screws and a matching bit are available.

KEY FEATURES

General Information
- Guards help protect exit signs against vandalism and accidental damage.
- Three year guarantee against breakage in normal use.

Design
- Guard may reduce projected light values. Verify correct exit light requirements when using guard (NFPA 101).

Construction
- Super tough construction of 9-gauge coated steel wire makes it extremely difficult to break.

Installation
- Fast and easy installation.
- Flexible mounting options with moveable mounting clamps.
- Simple removal for light bulb replacement.
- May be painted prior to installation.

Options
- Two sizes available to cover a wide range of exit signs.
- Tamper resistant hardware is available.
